Fellowship is the operating name of the  
Winston Churchill  
Memorial Trust, reg  
charity no 313952

## Inspire the change you want to see for building resilient economies and communities

Fellow Eifion Williams investigated dual currency systems to build local economic resilience

Have you ever wanted to make change happen in an issue you care passionately about? Explore new solutions with the world's leading professionals? A Churchill Fellowship is a once-in-a-lifetime opportunity to lead the change you want to see.

We will fund you to spend up to two months learning from the innovators in your field anywhere in the world, in person or online. Then we will help you to share your ideas and inspire change across the UK.

In September 2023 we will open for applications for Fellowships in our theme **Resilient economies and communities**. We welcome projects that help to build resilience for UK communities of all kinds, through increasing economic activity and opportunity. We are keen to strengthen communities most affected by economic challenges, unlock the economic potential of disadvantaged communities and individuals, mobilise the power of business or social enterprise, ensure that economic activities operate sustainably, or support a just transition to a green future.
