Lightbox bursary applications – information sheet

What are bursaries?

Although the Lightbox course is significantly subsidised by Arts Council funding, we are aware that the subsidised price of £825 is still a significant financial commitment for those who are on low income or experiencing financial difficulties.

We are committed to ensuring all photographers who are eligible for the Lightbox programme have the opportunity to apply, and therefore have created a number of bursary places for those who are unable to afford the programme.

Bursary places are awarded in the form of a reduced price to attend the course.

Please note we are unable to offer additional financial support for the cost of travel or equipment.

Who is eligible for a bursary?

To be considered for a bursary, applicants must:

- Be a full UK resident
- Live in an household with annual income less than £25,000 or individual income less than £20,000
- Meet all of the eligibility criteria stated in the application form

If selected, we expect bursary applicants to attend at least 80% of the course (both stage 1 and stage 2). There will be no refunds available for days missed.

All bursary applicants will be passionate and committed, and have a strong work ethic.

We will also expect bursary participants to be available to give short feedback about their progression throughout the course.

Applicants will be selected and awarded bursaries on a case-by-case basis. There are a limited amount of bursaries places available, and applicants will only be selected if they meet the Lightbox programme eligibility requirements.

How to apply

Please complete and return the bursary application form and send along with the Lightbox application form to lightbox@redeye.org.uk by 9am 22nd June 2015.

Please ensure the information you provide is accurate. Please be prepared to provide proof for any of the financial information you provide. Bursary applicants will also have to adhere to the regular application process.
